**Projects**

Main Projects with brief comments of activities within the reporting period

- Had ongoing meetings and solidified schedule for deliverables 1,2,3
- 13 October – Politics and Policymaking UC Davis Extension Course
  - Learned about governance, conflict resolution, etc.
- 20 October – CEQA UC Davis Extension Course

Working Group ABC

- Continued progress on Technical Report. Began to identify external stakeholders to include in review and meeting this summer. I'm learning more about interagency coordination.
- 6 October – phone call with representatives from the Department of Toxic Substances Control and CalTrans
- 9 October – phone call with Modesto district office
- 12 October – phone call with Concerned Citizens Modesto, follow-up email sent with potentially useful resources

New Thing That Came Up

- As a result of recent events our team has decided to compile relevant information for natural resource managers to respond. Although tangential to my responsibilities I am really excited about getting to work on real world issues.

Extension Project

- I made progress on my extension project by gathering materials and developing a schedule for the deliverables. There was a similar project done 10 years ago that we found and are using that as a baseline to help inform our project going forward. Our team has a call scheduled next month and we're finding a time for an in-person meeting to follow.
- 2 October – project team call, went through old report
- 17 October – met with other fellow to finish scheduling project
